## Mutual Life Insurance Company, OF NEW YORK.

LORING ANDREWS,

JOHN A. HARDENBERGH,

Vice Presidents.

PLINY FREEMAN, President,

HENRY C. FREEMAN, Secretary.

Cash Assets June 1, 1869, \$2,000,000

The Globe is a perfectly reliable company, and grants all known forms of Life and Endowment Policies upon the most liberal terms justified by experience.

This company also issues every variety of Policies upon the Stock Plan—i. e., without participation in profits—at rates as low as those of any other responsible company.

The Globe also issues policies upon which all premiums paid by the insured will be returned at death, in addition to the amount of the policy; or, in other words, it makes an annual addition to its Policies of one hundred per cent, of the premiums paid.

# MOBILE & OHIO

## RAILROAD

The Main Stem of this Road extends from

**MOBILE TO COLUMBUS, Ky.,**

A distance of 472 Miles. It has a Branch extending from  
**ARTESIA STATION TO COLUMBUS, MISS.,**

14 Miles, and is operating as Lessees of the

**Northeast and Southwest Railroad,**  
**FROM MERIDIAN TO YORK STATION, 27 Miles.**

### CONNECTIONS:

**AT MOBILE**—With the Mobile and Montgomery Railroad and Morgan's splendid Line of Low Pressure Steamers for New Orleans.

**AT YORK**—With the Selma and Meridian Railroad.

**AT CORINTH**—With the Memphis and Charleston Railroad.

**AT JACKSON, TENN.**—With the Mississippi Central Railroad.

**AT HUMBOLDT**—With Memphis and Louisville Line.

**AT TROY**—With the New Orleans and Ohio Railroad.

**AT UNION CITY**—With Nashville and Northwestern Railroad.

**AT COLUMBUS, KY.**—With Illinois Central Railroad.

**AT CAIRO**—By the fine Ferry Steamer General Anderson.

This Road is laid with a rail weighing 68 lbs. per yard, with the best Fish Bar Joint Fastening in this country, which prevents the rattling, jarring noise, on other roads, and makes it, for smoothness and ease of motion, unsurpassed by any road in this country. It makes close connections with all the great lines North and West, and has fewer changes of cars than any line between the Gulf of Mexico and the Eastern, Northern and Western Cities.

It has through Ticket and Freight arrangements with all connecting Lines to all important points. But one trans-shipment of Freight is required between New York, Philadelphia, or Baltimore and New Orleans, Mobile or Selma.

The Company owns more than a Million Acres of Land along its Road, set with the best Pine Timber, and well adapted to the cultivation of Vegetables and Fruits, which can be transported by Fast Freight Trains to the North and West.

Fruits and Vegetables will mature two months sooner than in the latitude of St. Louis, and will therefore command the high prices of the first of the season in the cities of Louisville, Cincinnati, St. Louis, Chicago, and smaller places on the Railroads and Rivers. These lands are for sale in lots to suit purchasers.

### RAILWAY POST OFFICES.

Railway post offices are established on all western lines from Chicago (excepting the Milwaukee railway). These offices run upon morning trains, and letters may be mailed at the cars up to the last moment prior to the departure of the trains. Stamps of the denominations of two, three and ten cents may be had at the cars.

### MONEY ORDER DEPARTMENT.

—Special attention is called to the money order system, as a safe and cheap method of transmitting small sums through the mails. Orders are issued in sums not more than \$50. Larger amounts can be transmitted to the same person, at the same, by additional orders. Rates—On orders not exceeding \$30, 10 cents; on orders over \$30 and up to \$50, 25 cents. The money order office will be open from 9 a. m. to 6 p. m.

### REGISTRY DEPARTMENT.

Letters can be registered to all parts of the United States upon payment of a fee of 20 cents, in addition to the regular postage.

**POSTAL RULES**—Many errors occur by persons not observing the following regulations in depositing letters, papers or miscellaneous publications, in the office for mailing:

All drop letters must be prepaid by postage stamps.

Pre-payment by stamps required on all letters to places within the United States.

Letters addressed to initials and fictitious persons and firms, under the regulation of the post office department, are not deliverable.

Full pre-payment, by stamps, required on all transient printed matter, foreign and domestic.

By inserting the county in which the office is located, upon all letters, many errors in superscription might be detected, and mistakes in mailing be avoided.

Persons calling for letters, other than for themselves, must present a written order therefor.

Samples of flour, tea, coffee, sugar, tobacco and packages containing poisons, oils, explosive chemicals, liquids, or anything calculated to injure or endanger the safety of the mails will not be received.

Valuable letters should in all cases be registered; and when money is designed to be transmitted, postal money order (to secure safety in transmission), should be obtained when practicable.

Persons presenting drafts drawn by the post office department upon the postmaster of this city, will be required to identify themselves before payment is made.

Cashiers of banks and agents of express companies, holding post

office drafts for collection will please leave their official signatures with the cashier of this office, to enable him to verify their indorsements and save delay.

The public are requested to inform the postmaster of any inattention to their duties on the part of the carriers or clerks in the office.

Employees of this office, while on duty, cannot be seen except on official business.

### THE FOLLOWING CLASSES OF LETTERS ARE NOT ADVERTISED.

—Drop letters, unless a three cent postage stamp is affixed. Box letters. Letters directed and sent to hotels, and thence returned to the post office as unclaimed, being for strangers. Letters returned from the dead letter office to writers. Circulars, free packets, containing printed documents, speeches, and other printed matter.

**TERRITORIAL**—All matter conveyed by mail westward beyond the western boundary of Kansas, and eastward from the eastern boundary of California, except one newspaper to a bonafide subscriber, and franked matter must be prepaid at letter rates.

### STAMPED ENVELOPES.

—The attention of the public is called to the advantages of using stamped envelopes rather than postage stamps. Daily, numbers of letters are dropped in the post office, without prepayment, with revenue stamps and stamps cut from stamped envelopes affixed, which are held for postage; whereas by the use of stamped envelopes, these letters would go forward without delay. Persons purchasing stamped envelopes, of any denomination, in quantities of 500 and upwards, may have their business cards and request to return in a specified time printed thereon, not to exceed four lines, free of charge.

### CITY DELIVERY.

—Free delivery of letters by faithful carriers will be secured by having the letters addressed to the street and number. Persons calling for mail at the carriers' department of this office on Sundays or holidays, will please give the number of the carrier for the district, and the name of the applicant or firm inquired for.

Head letters with the names of the writers, post office and state, street and number; sign them with full name, and request that answers be directed accordingly. Parties now owning boxes can receive their mail at their places of business or residence by leaving an order in the postmaster's room. The advantages of the free delivery system cannot be too highly estimated. It is more regular, more secure and more convenient than the box system. Many letters pass through the mails, reach this city, and are deposited in the boxes, because of divided responsibility, fail to reach the firm or family addressed.

The carriers are under bonds for an honest discharge of their duties. If the business community could be induced to ceasing sending boys to the post office for their mail matter, and accept the means provided by the department for a safe delivery of letters, through responsible carriers, a great evil would be corrected, and many losses (now occurring) prevented. The public are requested to adopt the house door letter boxes, the use of which will result in greatly increasing rapidly in the delivery of letters.

It is hoped that those house holders who have not hitherto provided letter boxes will not object to doing so, as by that means, at a very moderate expense, they can promote the convenience both of themselves and their neighbors, and at the same time render an important aid to the public service.

N. B.—A request for the return of a letter to the writer if unclaimed within thirty days or less, written or printed, with the writer's name, post office and state across the left hand side of the envelope, on the face side, will be complied with. Letters bearing such indorsements will be returned to the writer free of postage.

# EDWARDS' NEW CHICAGO DIRECTORY

## STREET AND AVENUE GUIDE.

### EXPLANATION.

Chicago is divided into Three Divisions—the North, South and West Sides, and known by the following abbreviations: N. D., S. D., W. D.

### NUMBERING OF THE HOUSES.

In the SOUTH DIVISION all streets running north and south are numbered from north to south; and all streets running east and west are numbered from east to west.

In the NORTH DIVISION all streets running from south to north are numbered from south to north; and all streets (except Rees and Gardner) running east and west are numbered from west to east. The streets in this Division which are continuations of the same streets in the South Division, are called North and are denoted by the prefix N. as Clark, in the South Division, and North Clark, in the North Division.

In the WEST DIVISION, Randolph is made the dividing line, as far as Union Park; west of that, Park avenue divides north from south, and all streets running north and south are numbered from that line, as Clinton running south is numbered from north to south, and N. Clinton running north is numbered from south to north. All streets running east and west are numbered from east to west.

### WHERE THE STREETS ARE NUMBERED.

To find the location of any given house, say 121 Cass street, on reference to this Directory (see Cass) you find that 115 Cass is on the corner of Erie, and 135 on the corner of Huron, consequently the number you seek is between those two streets, and on the right hand side of Cass street, as you proceed from its point of commencement.

### WHERE THE STREETS ARE NOT NUMBERED.

To find the location of any given house, say Lincoln, between West Adams and West Jackson, on reference to this Directory you find that Lincoln runs from Park avenue south to Twenty-Second street, and that West Adams is the sixth intersecting street from its point of commencement.

**TO THE PATRONS OF THE DIRECTORY.**

Don't lend your Directory. Keep a sharp look out for bogus works. They are gotten up to deceive, and are imperfect and worthless.

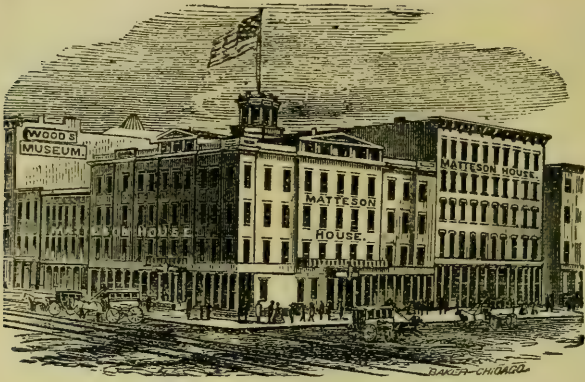

**DIRECTORY THIEVES.**

There are hundreds of copies of the Directory stolen every year, by persons who, under pretence of borrowing for a short period, obtain them for the purpose of sale. Too much caution cannot be exercised in this respect.
